Welcome to Riksbyggen Förtur

By joining Riksbyggen Förtur, you get the chance to view and choose homes before they become available to the general public.

- **Collect points.** You collect points over time. The more points you have, the greater the chance of choosing exactly the home you want. You earn one point every week.
- **Find your dream home.** Get the chance to choose from our new cooperative-owned homes before they become available to the general public.
- **Trygghetslöftet – Riksbyggen's Purchase Commitment.** Förtur members have the right to free monthly fees for up to 24 months if they meet the conditions.
- **Save for your dream home.** As a member of Riksbyggen Förtur, you have the opportunity to save securely and at beneficial rates with our business partner Folksam.

- **Better opportunity for parking space.**

You have a better opportunity of being offered a parking space in new-build housing (in those cooperatives that offer it). Parking spaces are allocated in the same order as when agreements for the home are signed when sales start.

- **At Mitt Riksbyggen** our special service for customers, you can update your contact details, see how many points you have, view which housing projects you have registered an interest in, or leave the Förtur queuing system.

- **Retain points.** When you have completed the purchase of a home from us, you still retain the points you have collected, giving you the benefit of the points in the longer term.

Riksbyggen Förtur:

What? Preview and choose new-build housing cooperative and privately owned homes before they are sold on the open market.

Price? SEK 200 per year (SEK 100 until you turn 18).

How? Register at riksbyggen.se/fortur

Here's how it works:

- You earn points for queuing every week.
- Submit an application to the projects you are interested in.
- You receive regular information and an invitation to the start of sales for the homes you have registered an interest in.
- The person with the most points gets to choose first, followed by the person with the second most points and so forth.
- Once you have chosen a home and signed a preliminary agreement, your points are reserved.
- When you sign the owner's agreement, your points are available again if you remain a member in Riksbyggen Förtur, and you can save points toward your next home.
